

## WHAT'S NEXT FOR JUMBO? WHAT'S NEXT FOR MOUNTAIN WATERSHEDS?

Join author **Bob Sandford** at the  
**Jumbo Creek Conservation Society AGM**

**Thursday, November 26, 2009 • 7:30 PM • David Thompson Secondary School**

It's annual general meeting time for the JCCS.  
Join us to learn what happened in the past year  
and to help set our future course.

### Special Guest: **Bob Sandford**

Author Bob Sandford will present his research on mountain watersheds, including visually powerful animations of climate change impacts on the Rockies.

Sandford is chair of the U.N. International Decade Water for Life Partnership in Canada and director of the Western Watersheds Climate Research Collaborative.

His recent books include *The Weekender Effect: Hyperdevelopment in Mountain Towns* and *Water, Weather, and the Mountain West*.
